

PETAL PERFECTION

For the ultimate in holiday sparkle, few baubles can compare to this unprecedented, one-of-a-kind necklace exclusive to **The One and Only One** Collection. Part of a set that includes a matching pair of earrings (not pictured), the **Garden of Eden Blue Diamond Suite** showcases delicate blooms crafted from pink diamonds and carved mother of pearl—all the better to set off a staggering eight pairs of extraordinarily rare, round brilliant fancy blue diamonds. Its crowning glory: A 7.03-carat, pear-shaped blue-diamond detachable pendant that's no less breathtaking when worn alone as a brooch. With its host of hard-to-find, highly coveted fancy color diamonds, it's no surprise this beauty took five years to complete—we're sure one lucky wearer will be able to attest that it was worth the wait (price available upon request).
