>> FOR THE SUPER-LUXURY SEEKER

SUITENESS

Travelers who have tried to directly book a super-luxury suite in a specific destination know it can be difficult. It often requires multiple calls to several properties, without any certainty your results will yield full information on all the options available, or comparative pricing. Suiteness is the first and only booking engine dedicated to helping travelers gain access to the hotel industry's most luxurious suites. In fact, many of the suites on suiteness.com have never been listed online before.

"Everyone aspires to staying in a phenomenal luxury suite. Now, Suiteness makes it possible for more travelers to have the hotel stay of their dreams by stepping across the velvet rope and gaining direct access to the finest suites available," Robbie Bhathal, co-founder and CEO of Suiteness, said. suiteness.com #SuiteTalkWillGetYouFar

LEONOR

Fort Worth entrepreneur Leonor Salazar and her niece Ana Maria Plata are recent winners of *InStyle* magazine's 2015 Independent Handbag Designer Award. Leonor handbags center their designs on the unique hand-stitched art pieces of fabric. No two are exactly alike so each bag's pattern is a one-of-a-kind creation and the leather is specially selected making each handbag a unique and exclusive functional piece.

Designed and made in Bogotá, Colombia and using bright colors in modern fashionable designs, these bags carry the distinctive feature of the Indigenous Natives of Panama and Colombia, known as the Kuna. This is the perfect gift for those who appreciate art and high quality design. handbagdesigner101.com #HandbagsSpeakLouderThanWords
